

**REMARKS**

The present application was allowed by Notice of Allowance dated October 1, 2007. The present amendment is intended to cancel all allowed non-method claims, in order to place all method claims in one patent and move other classes of statutory subject matter to a continuation. Applicants intend to file a continuation claiming the previously allowed claims which are cancelled herein once this amendment has been entered.

Applicants therefore request entry of this amendment under 37 C.F.R. 1.312. In addition, the Examiner is encouraged to contact applicants' attorney by telephone if there are outstanding issues left to be resolved.

Respectfully submitted,  
ERIC L. BARSNESS
